We carry the LARGEST stock and give LOWEST prices.

**F. A. YOST & CO.**

207 South Main.

## CREAM OF NEWS,

IT IS NEW AND TRUE THIS COLUMN HAS IT.

Circuit Court Adjourns—Convict Captured  
—Liquor Fight at Pembroke  
Weather and Political Items.

Miliner Assigns.

Mrs M. L. Oppenheim, a Russellville milliner and dressmaker, made an assignment last Thursday evening for the benefit of her creditors. Liabilities about \$1,200; assets some things less than half that amount.

Had a Congestive Chil.

Mr. J. Webber Davis, a well known farmer of Kelly, was attacked with a congestive chill Sunday and it was with the greatest difficulty that his life was saved. Mr. Davis was reported better yesterday.

Knuckler Hanged.

Leviel W. Nelson was hanged at Grant's Pass, Oregon, Friday for the murder of Charles Perry, in March 1890. Nelson was a Kentuckian, 42 year of age. He killed Perry in order to obtain his money. Nelson confessed to the scold.

Shooting at Trenton.

Some negroes engaged in a row at Trenton Sunday and during the scrap one of the men shot a woman in the thigh. The wound is not dangerous. We were unable to learn the names of the parties. The man who did the shooting was arrested and placed in jail.

Snow in Colorado.

Those who were sweltering under a July sun in Kentucky, with the mercury at 100 in the shade Saturday, will be interested to know that Leadville, Gunnison and other points in Colorado were visited by a snow-storm on the night of June 27.

Will Vote on Local Option.

The county judge made an order for an election to be held in Pembroke Aug. 7, to take the sense of the legal voters of that place on the question of local option. The "dry's" claim that they will have a majority, while the "wets" seem equally confident that they will win and the fight promises to be a lively one.

Captured near Fairview.

Reuben Sergeant, the negro who escaped from the work house guard near Empire last Wednesday, was captured near Fairview by Mr. Wallace Lyle, State's Attorney. He brought here Sunday night and placed in jail. He was taken back to work house yesterday, to serve out the balance of his sentence.

The Republican Convention.

The Republicans held their district convention at Eddyville yesterday and re-nominated James Breathitt for circuit judge. As John Feland, Jr., declined to run for commonwealth attorney, it is not likely that any nomination was made against W. H. Howell. A report had not been received when we went to press.

Important Land Suit.

Depositions are being taken in Ca-  
diz in a law suit involving 10,000 acres of fine timbered land in Trigg County. The style of the suit is Aye & Lord Tie Company vs. A. H. Koerner, of Huntingburg, Ind. It is claimed that Koerner sold the plaintiff a lot of timber, guaranteeing that it contained no small trees. The plaintiff alleges that the guarantee failed to materialize and hence the suit. The suit was brought in Lexington, Tenn., and the case will be tried at that place during the present month.

Five Prisoners For The Pen.

Sheriff Mc J. Davis, deputies E. P. Wilkins and W. H. Ryan, and Jailer W. T. Williamson went to Eddyville yesterday morning having in charge the five prisoners convicted at the last term of circuit court and sentenced to the penitentiary. The prisoners are as follows: Wm. Davis, horse stealing, two years; Wm. Roach, col., unlawfully detaining a female, two years; Robt. Coleman, col., murder, eleven years and ten months; Eph Gant, col., malicious shooting, one year, and Henry Carnell, col., malicious shooting at another, one year.

Verdict for \$200.

The suit brought by Ollie Turner, of Clarksville, against the L. & N. railroad company for \$100 damages, resulted in a judgment for \$100 in the lower court. The case has been appealed to Circuit Court. It seems that Turner bought a ticket from Guthrie to Clarksville, did not use it until next day, was put off the train, and after a long ride to Huntington upon the ground that the ticket was good only on the day of purchase, and then Turner brought suit against the railroad for \$100 damages.

## HOTTEST FOR TWO YEARS.

Saturday a Scorching and Sunday Not Much Better.

The excessive heat of the last two weeks culminated last Saturday in a maximum temperature of 100 degrees. During the whole week it ranged from 90 to 99 degrees. On Sunday the maximum was 99 degrees and yesterday the weather was somewhat cooler.

Saturday was the hottest day since June 3, 1895, when it was 105.1 degrees. The hottest day for thirty years was 104 on Aug. 12, 1881. Other hot days were Aug. 7, 1874, 102, and July 29, 1887, 101.7.

In the 1881 spell there were 1000 prostrations over the country, twenty of them in Louisville.

Last Sunday was a very hot Fourth of July being recorded in yesterday's papers. Of those, Louisville had 5, Cincinnati 6, Cleveland 4 and Nashville 2. A fine rain fell at Nashville Sunday afternoon.

Many prostrations occurred in this country, but most of them worked out so far as learned none were fatal. Stock suffered greatly, there being many deaths.

FOR STATE SENATOR.

R. C. Crenshaw of Christian, visits Hopkins County in the interest of his proposed candidate.

Mr. R. C. Crenshaw, of Pee Dee, Tuesday conferred with local politicians with a view to nominating for State Senator on the Silver ticket if conditions are favorable. He recognizes the right of Hopkins county to name the nominee this time, but if Hopkins county waives that right, he desires the nomination. Mr. Crenshaw is a member of the state legislature and a strong adherent of the Democratic and the Populist Executive Committee in his proposed candidacy on that condition. Mr. Crenshaw is a substantial farmer, of good address and made a favorable impression upon every one he met.

He was given the assurance that if Hopkins does not have a candidate of her own, which she probably will, his claims would be given the greatest consideration.—Mail.

Endevourers at San Francisco.

In several respects the meeting of the representatives of the Christian Endeavor society at San Francisco promises to be one of the most interesting and momentous events of its kind in recent years. A big proportion of the several thousand Christian Endeavorers who will be present will be from the middle and western states, making trips of 300 miles or more. The entire nation will be represented, and it is evident from the preparations already made that the Californians mean to give them a characteristic western welcome. Due to the presence of the convention San Francisco will be a center of interest for religious people throughout the country.

It is certainly no small incentive which can induce so many persons to make a trip across the continent to be present at the meeting. This is especially true during a period when the reduced rates on the railroads are considered. In the comparatively short period of its existence the Christian Endeavor society has grown amazingly, and this immense pilgrimage along the Pacific coast will be one of the most striking features of its present strength. The few organizations of any sort which could summon so many persons to a convention at the other end of the nation.

That the Endeavorers will be all the more zealous in their efforts for the effort they have put forth will hardly be granted for granted. The enthusiasm which has marked the society since its inception will be notable in the forthcoming convention. The San Francisco assembling is likely to be not only the most striking but the most fruitful of the meetings which the society has held.—Chicago Herald.

Circuit Court Closed.

The most important case tried since last report was the seduction case against Jos. McRoy. After hanging for two days the jury was discharged Saturday without a verdict, and the case was continued till September. McRoy gave bond for \$500 and was released.

Wm. Roach, col., detaining a female, was given two years.

Tom Slaughter, col., and Jim Griff, for col., grand larceny, were fined \$100.

Theirs appropriated a horse and buggy, and after using them turned the horse loose, and he injured himself so badly in a wire fence that he died.

Court adjourned Saturday.

The Clardy Tobacco Bill.

Dr. Clardy writes the Kentuckian that he succeeded the Saturday, in having his anti-regie tobacco bill passed as an amendment to the tariff bill in the Senate. It was not knocked in conference as it is all right and will become a law. The provisions of the bill have heretofore been given to the public.

## Opportunity of a Century

To Show the Possibilities and Advantages of Christian County to the World.

Thousands of Copies of the Kentuckian Centennial Edition Will Be Given Away at Tennessee's Great Exposition.

In this grand and glorious country where our patriotism predominates over every other quality in the human breast! Love of country burns in equal flames, with love of home and dear ones—and when the good and weak of that country are at stake, even the latter becomes subordinate to the former. Patriotism is innate in every true American. Men since the safety of America or American institutions, and every loyal citizen is ready to shoulder arms. The battle of Lexington fired the country—the call of the South to rebellion—and within a few days, an army of 20,000 men had gathered about St. Louis. So in the war of the Rebellion—each side rushed to the defense of the cause he held sacred and just. As it was then, so it would be now, did occasion demand such a high sense of loyalty.

Where such good patriotic feelings exists, there must also be natural pride—a deep seated interest in the weal or woe of one's "native health," or adopted home, and an instinctive desire to assist, materially, in the upbuilding of the same.

Nowhere in this country, do the hearts of men beat with more fervent and intense loyalty than in the grand old Blue Grass state and here in Hopkinsville and Christian county, are to be found her proudest and most loyal representatives. Here lies, also, the source which is a pride to its mother State.

Tennessee's Great Centennial is the opportunity of a century—in short, a life time—to proclaim to the world the wonderful resources of this section of the country; and the leading cities of Tennessee have grasped this opportunity to exhibit their claims for recognition to the home-seekers and settlers through special editions compiled for the express purpose of advertising the great and glorious advantages in an agricultural, commercial, mechanical, industrial, civic and religious way, which await the man or woman who settles in their respective communities.

Inspired by a patriotism which is shared by all its fellow citizens, Kentucky has in process of compiling a special Centennial edition which is designed with the purpose of heralding to all parts of the United States, the prominence and importance of Hopkinsville as a business center, and place of residence.

True citizens should feel, at once, an interest in joining in the successful culmination of such a project. It needs more than moral support, however, in its undertaking. Material assistance is necessary. No expense will be spared in making the edition one reliable and interesting, as well as attractive. The thousands of copies placed at the disposal of exhibitors at the Centennial for free distribution will fall into the hands of readers from all points, and thus is afforded an opportunity to show the world at large the wonderful progress and magnificence results which have been realized in the Southern section. But few people outside of Dixie have any conception of the prodigious growth of the New South. Now is the time to advertise the city's ability to the home-seekers of America. The people who enter our domain, driven hither by advantages offered by Christian county, will be of benefit to one and all in the community. Every merchant, professional man, manufacturer,—every trade or business—no matter what, or where, or whom, can contribute his or her share toward the final success of the Kentuckian's special Centennial edition. Each man, be he an exponent of trade, profession, education, or religion, should be prompted by civic pride to make this the pride of his people—one to be referred to as the "greatest little town in Kentucky."

Madame Aramant, a distinguished and successful mind reader and phrenologist, of Kansas City, is at the Phoenix Hotel, business hours from 9 a.m. to 10 p.m. She gives readings on marriage, business transactions, negotiations, reveals hidden treasures, clears up mysteries past, present and future and foretells important events. She is not a "fortune teller," but a scientific student of psychology and kindred subjects. Her fees are very reasonable. Call on her.

Joe Weil, of Louisville, formerly of this city, has bought the J. H. Winfree place on the Caution pike, formerly owned by Means & Weil, and will return on January 1st and again take up his residence here.

**"A Man works from Sun to Sun, A Woman's work by Noon is done—"**

if she uses Clairette Soap. It cleans quickly, easily, well, the clothes you wear, the dishes you use. In the laundry it saves clothes, and makes your work light. Get a cake of

### MISCELLANEOUS ITEMS.

—An actress who has turned evangelist has been holding meetings in Topeka.

—Connecticut has 54 women who are daughters of soldiers who fought in the revolutionary war.

—As a gendarme on his way to jail with a prisoner in Mexico City was about to cross a railroad track, the prisoner dragged him from the track, saving his life.

—He who would complain of Florida sunshine, "tinkles" the editor of the Florida Citizen, "would smash his Paradise if he could, but his strings thrilled only to Heavenly music."

The Kansas Centennial wagon, which was made at Leavenworth at a cost of \$600 for the Philadelphia exposition, and took first prize, has been sold at Leavenworth to a Stillingsville (Mo.) farmer for \$50.

—It is to be abstained at one time in signalling at sea never exceed four. It is an interesting astronomical fact that, with 18 various colored flags, and never more than four at a time, no fewer than 78,642 signals can be given.

Bicyclists of South Knoxville, Tenn., are to be invited to face a daily reminder of the importance of keeping all things mundane, the Woodlawn Cemetery company having decided to build a bicycle track near the graveyard.

—Wess Riggs, a Southern Pacific fireman, took two off days and went hunting for gold in what is known as the Dry Diggings district of southern Oregon. He found \$100 worth of \$4 worth of gold, \$18 worth, the first day and double the amount the next.

—Tracy Brooks Tyler, five months old, of St. Augustine, Fla., whose father is a baritone singer, whose mother is a pianist and a mezzo-soprano singer, one of whose cousins is a high soprano and all of whose brothers and sisters are musicians, including his fingers over the piano keys at every opportunity in his way to bring out certain sounds, which he seems to strive for and to like.

JIM DUNCAN COULD TALK.

His Persuading Tongue Used in a Good Cause.

The crowd and talking of eloquent speakers, and Ingoldsby, Cooke, Cockran, Depew, Tallmadge and other notable orators had in turn been championed by their respective admirers.

The old cattlemen had listened to it all, and when the talk flagged a little he asked if anybody present had ever heard of a king.

"I never heard of any of the fellows you mentioned," said the cattlemen, "but I wouldn't be afraid to back Jim against any of 'em for persuasiveness' ways." Jim Duncan was a talker. I tell you what he did one time, just as a specimen. The King of Spain, Ferdinand VII, removed to Almudena, which was the name of the town—and he had a young wife and seemed to be pretty well fixed. One day Harris was killed up town in a row. Some five or six of us got together and tried to figure it out who was to break the news to the King. In about 15 minutes Jim came to the door and called Squire Irvin in. "We lowed the widow must be cutting' up real sharp. In ten minutes more Jim came out to us.

"How'd she stand it, Jim?" we asked. "I guess it's pretty well smoothed over," says Jim, "and Mrs. Duncan and myself are here to come in and have some refreshments."

"Jim Duncan shored a persuading tongue,"—Detroit Free Press.

From One Point of View.

She held up her hands warningly.

"Kissing, the doctors say," she said, "is not only unhealthy, but actually dangerous."

He paused, somewhat disconcerted, but he was not the man to give up ungraciously the perquisites of a be-throthal.

"If it is so serious a matter," he returned, "we have indeed a great duty to perform for the welfare of humanity."

She was not sure that she quite approved the readiness with which he was about to fall into the act, but she waited for him to proceed.

"We owe it to the future health of the world," he continued earnestly, "to do what we can to exhaust the supply at an early date."

The motion was put and carried without a dissenting vote.—Chicago Post.

When they came to the end of the tune the teacher called upon Johnnie to sing the verse by himself.

Johnnie, nothing daunted, lifted up the keen-edged soprano after this fashion:

"Lan' where our fasers die,

Lan' o' th' p'ls an' pie's."

There wasn't a general laugh in that room, and Johnnie's version may have been a good deal more universal than one would think.—St. Louis Republic.

Women in German Schools.

Women are beginning to distinguish themselves at the German universities. Five ladies have up to this time taken the doctor's degree at Heidelberg alone. One of them, an American, made so brilliant a success that she was at once offered an appointment at the German zoological station near Naples.

Men and Weather.

Three thousand men will do only 3,700 men's work on a disagreeable day.

### PEACEMAKER.

An Attorney in A New Role Gives Good Advice Which is Needed.

An item in Saturday's Times stated that a representative of that paper had accidentally overheard a young man asking an attorney to file a petition for him to be divorced from his wife. Taking advantage of that information, The Times man sought the attorney, Mr. James Beauchamp, this morning to learn the particulars, when, much to his surprise, he found that no petition had been filed, but the affair had resulted in six entirely different men.

The young man named Vincent, who had married a young lady of Warren county many years ago, had separated from her, and had been living out West for the past five years solum solus. No doubt tiring of living alone, he had come back to the view of obtaining a divorce that would leave him free to wed another.

He was directed by Beauchamp to call at his office Saturday afternoon and bring his wife with him, which he did, where, instead of filing a suit for divorce, the attorney agreed to live together again; and became once more reconciled to each other and went off on the evening train, the husband with a hundred dollars in his pocket to take in the Centennial Exposition and to find another home. This was a good and sound hypothesis, but the recording angel will put down to Jim Beauchamp's credit one that might well be followed by the profession, as "Blessed are the peacemakers, for they shall inherit the Kingdom of Heaven"—Bowling Green Times.

### SILENT FOR FIFTY YEARS.

Fish Story About An Elderly Maiden In Maine.

New York, June 29.—An East Bluehill, Me., dispatch to the Sun says that the people in the southern part of Hancock county are deeply interested in a peculiar malady which afflicts them. Experience has shown that aged women of that place, who has not uttered a word or any audible sound for fifty years. The original reason for Miss Guilford's speechlessness was anger because she could not marry the man of her choice. When she was nineteen years old she fell in love with a boy named Kilrain, the village schoolmaster. They were to be married June 18, 1845. One of Miss Guilford's rejected suitors told tales on the schoolmaster, and Miss Guilford's parents stopped the wedding. Miss Guilford thereupon said:

"I swear I will not speak a word, though I live for fifty years, unless this man is here."

She kept her pledge. Her parents died, and she went to live with her married brother. When he died she made her home with her sister, and after the sister died, she went to live with her brother, with whom she is now living. At this time she performed a share of the household work and did not show any regret for having made the vow. When the fifty years of silence expired ten days ago she was visited by her son, a man of means and friends, who went to the camp for the purpose of being present when she was at liberty to speak. Soon after the middle meal Miss Guilford dressed herself in the garments which she had not worn for a half century. At first she smiled and opened her mouth to speak; but though she tried hard and got red in the face trying, she could not utter a sound. Her vocal muscles had become atrophied from long disuse and refused to move.

When Miss Guilford found that she could not speak, she sent to Bangor for a physician and took to her bed. A doctor gave no hope of recovery, but suggested that she be sent to a Boston hospital for treatment. As soon as Miss Guilford gets strong enough to travel the journey will make her efforts to regain her speech. Her father left her a good sum of money at his death, which has been growing every year in a saving bank, so she is well able to obtain the treatment she requires.

A ground of papers which gives individuality to the July Century deals with the hunting of large game. Mr. H. W. Seton-Karr describes his experiences after big game in Africa and India, including the hunting of elephant, rhinoceros, and tiger, and personal big experiences with an Indian Prince. Mr. William Hillard, well known as a correspondent in Armenia writes of "Hunting the Jaguar in Venezuela," and there is an article with curious illustrations on "Sports in the Seven-tent-Camp," sports in a tent being a drive, etc. The number of the magazine is notable for the opening article of the new series on the Old English Masters, accompanied by Mr. Cole's wood engravings. The public is already familiar with the pictures in this series, the Old Italian Masters and the Old Dutch and Flemish Masters, engraved in the presence of the pictures themselves by this distinguished American engraver. The new series begins with Hogarth, and the frontispiece is a beautiful picture of Garrick and his wife from the original in Windsor Castle. The text is by Prof. John C. Van Dyke.

A negro man at Newport, Ark., crushed a man's skull, criminally assaulting a woman and then cut her throat.
